

Bio Shavings

BIOCIDES FREE

NON TOXIC

BUG RESISTANCE

PLANT EROSION
PROTECTION

Calvary Carpentry's BioShavings gives trees minimum 5 years protection against termites, insects, and micro organisms as it doesn't decompose as fast as traditional sawdust. Accoya sawdust is acetylated wood and doesn't contain biocides.

- Non toxic
- Increases growth
- Long lasting protection (5 years non decomposing warranty)
- Protects roots from termites and other insects
- Protects from funguses and micro organisms
- Wood dust from certified forests (FSC)
- Holds soil moisture in dry season

Calvary Bio Shavings is 100% non-toxic and contains no biocides or harmful chemicals.

Sold in 1 m3 big bags or loose.
